Create Stunning, Interactive Quizzes and Surveys with Ease.

Forget those dull HTML-based quizzes and surveys. ViewletQuiz is the most efficient way to create dynamic, customizable Flash-based surveys and assessments without the need for extensive training and development time.

Would you like to

- Learn more about your customers.
- Measure the knowledge of your products and/or services.
- Evaluate the impact and understanding of your web-based communications.
- Integrate quizzes/surveys with your ViewletBuilder content.

ViewletQuiz allows you to have full control over the look and feel of your assessments. Your audiences will not only participate, they will have fun doing it!

Whether you want to ask quiz type questions, survey type questions or both, query your audience with a variety of question types.

Quiz Questions

Designated for questions that have a right or wrong answer. ViewletQuiz allows for a variety of different types of feedback associated with right or wrong, and even incomplete. Whether you want just a visual text or image display or even a movie and sound to play, ViewletQuiz allows you to decide and create with ease.

Survey Questions

Designated for questions that have no right or wrong answer. Using survey questions you can learn more about your customers and their needs.

Question Types to Choose From:

- Short Answer - Fill in the Blank
- Short Answer - Selection from List
- Short Answer - Rating
- Short Answer - Essay
- Multiple Choice - Single Answer
- Multiple Choice - Multiple Answer
- Multiple Choice - Fill in the Blanks
- Multiple Choice - Selection from Lists
- Multiple Choice - Rating
- Multiple Choice - True/False
- Likert Scale
- Click Map - Coming Soon!
- Drag & Drop - Coming Soon!
